There is no further information on either Director to be disclosed pursuant to The LSE Standard Listing Rulebook.

#### Notes

Supply@ME enables businesses to generate cashflow, via a non-credit approach and without incurring debt, by monetising their existing stock which the business intends to sell to the end-customers or goods/ commodities part of a typical import/ export transaction. SYME' Global Inventory Monetisation Fund enables strong companies to improve their working capital cycle. The funds do not monetise inventory for companies in financial difficulty or with inventory that they are struggling to sell.
