**Supply@ME Capital plc**

(The "Company" or "SYME")

### **Funding Update**

SYME, the fintech business which provides an innovative fintech platform (the "**Platform**") for use by manufacturing and trading companies to access Inventory Monetisation© ("**IM**") solutions enabling their businesses to generate cashflow, announces the following update in respect of the US\$5,150,000 on-demand convertible funding facility signed on 18 March 2025, and amended on 10 June 2025 and 29 August 2025, with Nuburu Inc., a NYSE listed (NYSE American: BURU) high-tech company of which Alessandro Zamboni, a director of the Company, is Executive Chairman ("**BURU**") (the "**Amended On-Demand Facility**").

As set out in the announcement dated 1 September 2025, SYME was due to receive the following tranches under the Amended On-Demand Facility:

- US\$2,000,000 on or before 12 September 2025; and
- US\$2,198,000 on or before 31 October 2025.

As at the date of this announcement, the US\$2,000,000 due on or before 12 September 2025 remains outstanding. The amounts received by the Company from BURU under the Amended On-Demand Facility as at the date of this announcement total US\$952,000.

The Company notes the announcement made by BURU dated 15 September 2025 regarding the new public offering, following the filing of the new S-1 registration statement with the US Securities and Exchange Commission on 10 September 2025. As such, based on communications from the BURU board of directors, SYME expects that the US\$2,000,000 will be provided to the Company as soon as BURU finalises the completion and receives the proceeds from this new public offering. The Company will issue a further update once this has been received, or as otherwise required.

Alessandro Zamboni, the Chief Executive Officer of the Company, is a related party in connection with the Amended On-Demand Facility due to the fact that he is also the Executive Chairman of BURU.

For the purposes of UK MAR, the person responsible for arranging release of this announcement on behalf of SYME is Alessandro Zamboni, CEO.

#### **Notes**

SYME and its operating subsidiaries provide its Platform for use by manufacturing and trading companies to access inventory trade solutions enabling their businesses to generate cashflow, via a non-credit approach and without incurring debt. This is achieved by their existing eligible inventory being added to the Platform and then monetised via purchase by third party Inventory Funders. The inventory to be monetised can include warehoused goods waiting to be sold to end-customers or goods that are part of a typical import/export transaction.
