Restoration of Listing and Trading

SYME, the fintech business which provides an innovative fintech platform (the "**Platform**") for use by manufacturing and trading companies to access Inventory Monetisation© ("**IM**") solutions enabling their businesses to generate cashflow, is pleased to announce that following the Company publishing its Annual Report and Accounts including the Group's audited consolidated financial statements for the year ended 31 December 2024 (the "**FY24 Annual Report and Accounts**"), its unaudited interim results for the six month period ended 30 June 2025, and the Financial Conduct Authority's (the "**FCA**") approval of the Company's application for the restoration of listing, the FCA has lifted the temporary suspension of the listing of the Company's ordinary shares of £0.00002 nominal value each (the "**Ordinary Shares**") on the Official List of the FCA, which was put in place on 1 May 2025 pending the publication of its FY24 Annual Report and Accounts, and that trading on the Main Market of the London Stock Exchange of the Company's Ordinary Shares has been restored with effect from 7.30 a.m. on 23 October 2025.

Notes

SYME and its operating subsidiaries provide its Platform for use by manufacturing and trading companies to access inventory trade solutions enabling their businesses to generate cashflow, via a non-credit approach and without incurring debt. This is achieved by their existing eligible inventory being added to the Platform and then monetised via purchase by third party Inventory Funders. The inventory to be monetised can include warehoused goods waiting to be sold to end-customers or goods that are part of a typical import/export transaction.
